

CUMINUP60

Most Potent & Water Soluble Curcumin 60%

Patent No. 202010055763.1

What is CuminUP60®

CuminUP60® is our premier brand ingredient made with patented CGSF (Co-Grinding Solvent-Free) technology with high curcumin loads, water dispersibility, and increased bioavailability.

Why Choose CuminUP60®

- NLT 60% Curcumin Concentration
- High Dispersibility in Water
- Clinically Proven to Increase Bioavailability by 5X
- Patented Physical Process, with Micron-Sized Particles
- Scientifically Backed to be Safe and Effective with a GRAS in Process

First Generation: Curry Powder

Second Generation: Primary Extract

Third Generation: Extract with Low Curcumin Loading and Low Bioavailability

Fourth Generation: Extract with High Curcumin Loading and High Bioavailability

Anti-Inflammatory and Potent Antioxidant

Promotes Liver, Intestine and Brain Health

Relieves Joint Pain

Inhibits the Growth of Various Tumor Cells

Mechanism of Action

Animal Trial

After testing the relative bioavailability in vivo after taking orally. The results showed that CuminUP60® has a significant increase in relative bioavailability, compared to our starting curcumin and other products in the market.

The relative bioavailability of CuminUP60® is 5 times better than starting curcumin

Water Soluble

Normal Curcumin

CuminUP60®

Product Stability

Two-year shelf life if stored under cool, dry and dark conditions

Our Customized Service also Includes:

Contract Manufacturing for Finished Product and Botanical Extraction
Formulation Design
Functionality Evaluation
